

The Third Announcement

Dear Friends and Colleagues,

You are cordially invited to attend the **24th Pacific Science Congress**, themed **"Towards a Sustainable Future"**, which will be held on **20-24 November 2025** in Shantou City, Guangdong Province, China. It is organized by the **Pacific Science Association** and hosted by Shantou University, Xiamen University, and the Chinese Committee for the Pacific Science Association. Up to now, 20 well-known scientists and academicians have agreed to serve on the International Scientific Committee of the Congress, the international Co-Chairs of all the sessions have worked on inviting keynote speakers, and the local organizing committee is in the process of making travel arrangements for the plenary speakers.

Pacific Science Association, established in 1920, is one of the leading comprehensive scientific organizations in the Asia-Pacific region, with its headquarters located in Hawaii, United States. Since then, PSA has maintained its commitment to addressing critical global challenges and frontier research areas of international significance, serving as a multidisciplinary forum that connects scientists and policymakers across marine, environmental, climate, health, and social sciences to promote collaborative research and international cooperation throughout the Asia-Pacific region.

Congress Sessions:

- 1) Climate and Earth System;
- 2) Extreme weather and climate events and their impacts;
- 3) Biodiversity and Ecosystems;
- 4) Emerging Pollutants and Impacts;
